Dear Minister Murray:

Re: Second Avenue Infrastructure Improvements – Part II Order Request

Further to our letter dated 25 April 2015 (attached), the Greater Sudbury Watershed Alliance wishes to inform you that our concerns have not been addressed. Therefore, we continue to request that the Minister issue a Part II Order to elevate the Environmental Assessment to an Individual Environmental Assessment to ensure that adequate stormwater management has been incorporated into the Second Avenue infrastructure improvements, and that the waters of Ramsey Lake are protected.

We look forward to your response.

Sincerely,
